RE: Point Reyes Coast Guard Facility

Dear Supervisor President Sears and members of the Board:

The Marin Conservation League (MCL) supports the County's acquisition of the Coast Guard Facility in Point Reyes Station for the County of Marin to use and improve as affordable housing. Since the site is already built upon and part of the community, it is an ideal situation which preserves an existing resource without impacting open spaces or farmland. The need for housing in West Marin is critical and this facility could provide a significant opportunity to address this need.

Attached is our 2015 letter to Congressman Huffman supporting the transfer of the property to the County of Marin. We are supportive of the forward movement of this property's repurposing.

Yours truly,
